

Hotel bars have always provided fabled watering holes for distinguished travelers. With that, I welcome you to the legendary Grant Grill, home of much San Diego culinary heritage and progressively created modern cocktails and cuisine. Through this menu, we present what is the latest chapter in a curated experience that spans beyond 10 decades. As the days slowly become longer again, we find ourselves in the midst of the Southern California citrus season. Our current seasonal cocktail list, Gin and Juice, not only intends to highlight our local bounty of produce, but also an array of gin styles, with a delightful infusion of classic West coast hip hop. We hope that your experience here will become one of many stories that have already played out in this timeless environment. Take a moment to explore all of our offerings – created with the notion not only to honor the past of this iconic building, but also to become yet another jewel in its unrivalled history in the making.

Reserve & Vintage Beer Cellar

A collection of aged and hard-to-find premium brews. Truly for the beer connoisseur, some stronger beers are in fact preferred after a few years of cellaring. Aged beers have integrated bubbles more similar to champagne, hoppy notes become reserved, and malty notes take on a dried fruit and umami character not apparent in younger beers. Some sediment may be apparent.
